“Pin It” Button

Pin It ← Add this link to your Bookmarks bar

To install the “Pin It” button in Chrome:

1. Display your Bookmarks by clicking the **Wrench Icon > Bookmarks > Show Bookmarks Bar**
2. Drag the “Pin It” button to your Bookmarks bar
3. When you are browsing the web, push the “Pin It” button to pin an image

Once installed in your browser, the “Pin It” button lets you grab an image from any website and add it to one of your pinboards. When you pin from a website, we automatically grab the source link so we can credit the original creator.
